

Buggy Terms & Conditions.

1. Introduction & Background

Crondon Park Golf Club has a duty of care to all users of the golf course. Due to disability, some members, visitors and guests may not be able to play golf without the assistance provided by a motorised ride-on buggy whilst others may simply prefer the option to drive around the course instead of walking. The purpose of this document is to establish a standard for the safe operation of any ride-on buggies authorised and operated within the confines of Crondon Park Golf Club (CPGC). The document also sets down the criteria to be applied and conditions to be met when CPGC considers applications for buggy use both hired and personally owned. The topography of the CPGC is such that you are requested to please take particular note of Course Topography Considerations and Restrictions thereof referred to later in this document. This document is based upon and adapted from a template provided by the National Golf Clubs' Advisory Association (NGCAA) www.ngcaa.co.ukPage

2. Qualifications & Criteria for Buggy Use

CPGC welcomes the use of motorised golf buggies on the course subject to certain restrictions such as weather / ground conditions and health and safety considerations. Use of a ride-on buggy in competitions is permitted as the Match and Handicap Committee do not feel that the use of a buggy provides any unfair advantage over other golfers not using a buggy. A medical certificate is therefore not required to use a buggy in competitions.

Any person who operates a ride-on buggy on the golf course is deemed by so doing, to have the knowledge, training and skill to safely operate the vehicle and be fully accountable for their actions and the consequences thereof. The safe operation of ride-on buggies on the course requires conscientious application and adherence to the minimum standard of care prescribed by this policy.

In order that these conditions can in practice be met, the CPGC Management or their approved nominee must whenever possible be given prior notice of a requirement by a member, visitor or guest to use a ride-on buggy unless they are already registered with the golf club office. CPGC reserves the right to refuse permission if some or all of the conditions stipulated are not complied with.

From time to time CPGC may determine that the state of the course or the weather is such that safety on or the condition of the course may be unacceptably compromised if a ride-on buggy is used. This might apply to the whole or just part of the course. Potentially unsuitable conditions include, but are not restricted to, waterlogging, frost, snow and reduced visibility. Where such conditions arise CPGC will review the situation on at least a twice daily basis.

Determining any such restrictions on buggy use will be the responsibility of the following;

- Head Greenkeeper
- Director of Golf

3. Course Topography Considerations & Restrictions

Due to the historic layout of Crondon Park Golf Club, some holes could be deemed hazardous to motorised buggies in certain weather or ground conditions. To this effect, after careful consideration and risk assessments having been carried out there may be restrictions in place for motorised buggies which could prohibit access to some or all holes or specific tees. In some circumstances an alternative route for buggies will be clearly marked out and this must be adhered to. Any implementation of restrictions will be the responsibility of the Head Greenkeeper & Director of Golf and will be communicated via the course status or buggy GPS system.

4. Golf Buggy Safety Policy

The Club has a duty of care to its employees and all users of the golf course. Caution and care must be shown by all users of buggies.
